

New Source Review newspaper advertisements for construction permit applications, November 25, 2004. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: November 23, November 24, or November 25, 2004. Public notices are generally published every two weeks. The previous publication of public notices was November 9 – 11, 2004.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Mizkan Americas, Inc. with a mailing address of 526 Interstate Drive, Crossville, TN 38555. They seek to obtain an air contaminant permit (Division identification number: 18-0114-01/57725) for modification of an existing Vinegar Production Operation located at the same address. This existing operation includes seven (7) acetators used in the production of distilled vinegar, and thirty-six (36) storage tanks used for processing raw materials, intermediate products, and finished products. The proposed modification would add three (3) outside aging tanks, two (2) having a 250,000-gallon capacity and one (1) with a 15,000-gallon capacity. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. Regulated air pollutants emitted by these sources would increase. All emissions are fugitive emissions. Ms. N. King is the assigned Division person.

For the Cumberland County "Crossville Chronicle"--published once on or before Thursday, November 25, 2004.

### FIRST APPLICANT

The first applicant is Johnson Matthey, Inc. with a mailing address of P.O. Box 4130, Sevierville, TN 37864. They seek to obtain an air contaminant permit (Division identification number: 78-0028-25/57447) to construct a Nickel-Aluminum Powder Digester Operation at 1246 Airport Road, Sevierville, TN 37862. This proposed operation would consist of a nickel-aluminum powder digester used to produce sponge nickel catalyst. A mist eliminator and wet scrubber would be used for air pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

## SECOND APPLICANT

The second applicant is Charles Blalock and Sons, Inc. with a mailing address of P.O. Box 4750, Sevierville, TN 37864. They seek to obtain an air contaminant permit for construction of a Portable Rock Crushing Operation to be used at the following locations:

- (1) 1140 Sevier Park Road, Sevierville, TN 37862 (Division identification number: 78-0009-05/57719)
- (2) 4265 Boyd's Creek Road, Sevierville, TN 37876 (78-0110-02/57718)
- (3) 415 Robert Henderson Road, Sevierville, TN 37862 (78-0116-01/57720)
- (4) Intersection of former Walker Street and Sunnyside Ave., Sevierville, TN 37862 (78-0117-01/57721)
- (5) Howard Drive, Sevierville, TN 37862 (78-0118-01/57722)

The proposed operations would consist of crushing, screening, and conveying equipment used to produce crushed stone from recycled concrete. The crusher would be powered by two internal combustion engines, which would be fueled by number 2 fuel oil. Wet suppression would be used for control of particulate emissions, and the source would be required to use Best Available Control Technology (BACT) to reduce emissions of nitrogen oxides and volatile organic compounds. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. Blake is the assigned Division person.

For the Sevier County "Mountain Press"-- published once on or before Thursday, November 25, 2004.

---

The applicant is Vic Davis Construction, Inc. with a mailing address of 1300 Jan Way, Kingsport, TN 37660. They seek to obtain an air contaminant permit (Division identification number: 90-0279-01/57752) for construction of a Portable Rock Crushing Operation at 114 Dove Street, Gray, TN 37615. This proposed operation would consist of a grizzly feeder, crusher, conveyor, and associated equipment used to produce crushed aggregate. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Washington County "Johnson City Press"--published once on or before Thursday, November 25, 2004.
